

# Heavenly

## Hell: Worse Than You Think

### GET GOING

Hell is the opposite of Heaven. Where Heaven is full of the light; Hell is full of darkness. In God's presence there is fullness of joy and there is nothing but pain, sorrow, and regret in Hell. In paradise there is love without end but Hell has nothing to offer. Just like with Jesus, it is love that compels us to talk about this tough topic.

### DISCUSS

1. **Are you a dog, cat, or no-pet person? Why?**
2. **When has someone's warning helped you out?** It could be a piece of advice or shout of warning, etc.
3. **Read Romans 5:6-8. Summarize the passage in your own words.** (Possible Answer: God's love is so beyond our own because He was willing to die for His enemies. That's *Love*.)
4. **What is your gut level reaction to that kind of love?**
5. **How far was God willing to go to see our relationship to Him restored?** (Answer: He was willing to give it all to see us redeemed.)
6. **Be as honest as you can, what stops us from reaching more people?**
7. **What real, practical, things can we do in the next couple weeks to reach more people?** (Leader's Note: Use this time to sharpen one another and help each other find ways be more intentional about helping more people find the way back to God.)
8. **What has been your favorite part of the Heaven series so far? What is God teaching you?**

### WRAP IT UP

It has been said that our greatest regrets are not the things we said, but the things we left unsaid. We have the huge privilege to point people to the crazy love of God. The same love that won our hearts and has rescued us from an eternity without God. Who can you invite to the final two weeks in this series?
